#### **June 15 (Sunday):**

Windsurfing, relaxation, departure

## EVENT GUIDELINES

- The event is a celebration and showcase of our sport.
- Participation is free of charge; voluntary contributions are welcome.
- For the “One-Hour Race,” only boards with rigs from the year 2000 or earlier may join us on the water (especially appreciated: classic triangle sails). Boards, masts, and booms may be newer. LT Windsurfer rigs are also welcome.
- Participants must bring their own gear (vintage sails can be borrowed on-site with prior reservation).
- Boards, sails, and gear may be factory-made or homemade – rare pieces and prototypes are especially welcome.
- Wearing vintage-style outfits is highly encouraged.
- Participation is at your own risk. WARNING: windsurfing is addictive!
- This is not about winning or scoring tables – it’s about meeting, reminiscing, and riding old gear. So bring the oldest (not the fastest) equipment you’ve got!

## EVENT DISCIPLINES

### 1. One-Hour Windy

A symbolic, non-competitive exhibition race. Participants sail around a triangular course (3 buoys, clockwise) for one hour. Le Mans-style beach start. Depending on turnout, racers may be split into groups.

### 2. Team Relay Race

Two teams compete on (nearly) identical windsurf boards provided by the organizers. The course loops around a single buoy. The hand-off takes place onshore. This is the only *real*, competitive discipline of the event.

### 3. Freestyle Ride

Each rider (or duo) gets 3 minutes of free-style sailing. A noble panel of judges will evaluate elegance and difficulty of execution.

## SIDE PROGRAM

- Windsurfing Museum beach micro-exhibition
- Live music, film screening
- Fire show

## ACCOMMODATION

- Free overnight parking and sleeping in campervans directly on the beach
- Discounted accommodation at *Camping Jestřábí 1*: 45% off for tents and campervans for all participants and their companions – [www.kemplipno.cz](http://www.kemplipno.cz)

## FOOD & DRINK

- Bring your own or enjoy the *Windy Point* bistro on the beach
